### Rules for utility rooms + drying rooms for high-rise buildings

The board has for a couple of years renovating the laundry rooms and the drying rooms. Many of the laundry rooms and drying rooms have been in poor condition and needed a renovation. Further, the equipment has been replaced and supplemented.

**\* Only booking of the entire laundry room with drying room in the high-rise buildings.**

The member thus has access to the entire laundry room during the washing session and can carry out the washing for a shorter time.

**\* For the high-rise buildings, TWO hours of washing times apply and with a MAXIMUM of 5 wash sessions.**

By limiting the number of laundry sessions to 5 a month, current laundry sessions are used more efficiently and there will be more sessions to book for everyone.

**\* TWO hours of washing times in the high-rise buildings. Sundays and holidays are closed.**
