Rules for utility rooms + drying rooms for low-rise buildings

The board has for a couple of years carried out a renovation of the laundry rooms and the drying rooms. Many of the laundry rooms and drying rooms have been in poor condition and needed a renovation. Further, equipment has been replaced and supplemented.

*** For the low-rise buildings, THREE hours of washing times apply and with a MAXIMUM of 6 wash sessions.**

By limiting the number of laundry sessions to 6 a month, current laundry sessions are used more efficiently and there will be more sessions to book for everyone.

*** THREE hours of washing times in the low-rise buildings. Sundays and holidays closed.**

Laundry time 08:00-11:00.

Laundry time 11:00-14:00.
