Your partner in neighbour and community matters

As a member of Brf Krönet, you can turn to Grannfrid if you experience noise or other disturbances, conflicts or concerns regarding your home. We are here to help – always with impartiality and respect for everyone involved.

What does this mean for you?

Even in the most harmonious residential areas, noise disturbances, conflicts and social issues can put neighbourly relations to the test. Grannfrid is a member service with many years of experience in resolving neighbour and community issues in residential settings. Our goal: well-being, security and good neighbourly relations – with solutions that work for everyone.

How Grannfrid can help you

Noise and neighbour disturbances

We investigate reports of noise and other disturbances and act correctly, efficiently and impartially – aiming for a quick and sustainable solution.

Mediation and conflict resolution

Through individual conversations or joint meetings, we work actively to resolve conflicts and restore neighbourly relations.

Unauthorised subletting

We ensure that the rules are followed and that the right people live at the right address – for security and order in the area.

Unsanitary conditions and hoarding

We take a long-term approach, focused on creating a healthy and safe living environment for everyone affected.

Support in cases of ill health or substance abuse

We help establish contact with the right healthcare and social services so that everyday life at home can work.

Help to prevent eviction

We guide residents facing payment difficulties and help them connect with the right support services.
